Delightful views across neighbouring countryside, and towards Great Yeldham church.

A substantial stable style timber entrance door leads to the entrance hallway, within which there are very useful built in storage/cloaks cupboards, and doors to the cloakroom, inner hallway and kitchen. A block drive in mellow pavours leads past the 1400ltr oil storage tank and to the detached garage. This building is set on a brick plinth with double doors and is of timber framed and weather boarded construction with power supply and lighting, a rear stable style door and excellent storage capabilities within the boarded loft (5.7m x 2.7m). External power supply.

Extending around the perimeter of the building is a high quality patio laid to porcelain tiles which is retained by low level and stepped timber sleeper style walls which retain lawned areas surrounding the property to three sides. In turn the lawns are retained the boundaries by post and rail fencing. The gardens abut grazing land which extend for some distance, and are scenically delightful, offering views of the church, to the west within Great Yeldham.

The well presented accommodation comprises:

Agents note;

The attention to detail throughout the building and externally, is quite apparent. Our client has subtly amplified the Victorian agricultural feel by using galvanised electrical conduits for lighting, switches and outlets, which blend beautifully with the amazing brickwork throughout the building. Natural timber can be found in so much detail and there is imaginative use of borrowed light. Some period braced solid timber internal doors are still extant and there are beautiful vaulted ceilings with exposed rafters, ties and purlins. High quality floor coverings abound the property to ground and first floors.

We understand that The Old Stable Barns has an oak tree which has a tree preservation order.
