McEwan Fraser Legal is excited to present a rare opportunity to purchase a former office complex with full planning permission for conversion into a stunning one-bedroom dwelling, located within the sought-after hamlet of Denside of Durris.

The property is a traditional stone and slate building that was previously used as a small office for a financial services business. Now, with new architectural plans in place, the space will be transformed into a modern, executive one-bedroom home, ideal for residential use or as a highly desirable Airbnb or holiday let, thanks to its scenic countryside location.

Currently, the property comprises a ground-floor entrance reception, a small galley kitchen, and toilet facilities, with stairs leading up to the first floor, which consists of open office space. Velux windows provide natural light and beautiful views.

The Office, Muirskie Grange

The new plans incorporate an extension, which will add a carport and garage. Access from the carport leads to the upper level, where you'll find a spacious open-plan layout. A modern lounge with a glass gable-end wall will open onto a balcony, offering stunning countryside views. The upper level also includes a luxurious master bedroom with an en-suite bathroom and dressing room.

Outside, ample parking will be provided by the carport and garage, with additional guest parking available. The private south-facing garden, which will be fully enclosed once fenced, offers a secure space perfect for children and pets, as well as a great spot for al-fresco dining and entertaining.

Please note: Two separate garage spaces on the ground floor of the building are not included in the sale.

Proposed Conversion

Situated just 3 miles from the recently opened Aberdeen Western Peripheral Route, this property offers easy access to both the city centre of Aberdeen and Dyce International Airport, each approximately 12 miles away. The charming town of Banchory, with its local amenities, shops, and excellent facilities, is also within easy reach.
