THE ULTIMATE LUXURY RURAL LIFESTYLE

Nestled within 650 acres of mature countryside with stunning views across the Colin Montgomerie championship golf course, Rowallan Castle Estate is a pastoral haven, combining the tranquillity of country-living with the convenience of being just a short 25 min car drive from Glasgow centre.

Rowallan Castle Estate benefits from a variety of nearby amenities and conveniences. Unwind after your day with a stroll around the two spectacular castles within the estate or enjoy a round of nine holes at the Colin Montgomerie championship golf course. Purchasers receive one free 12-month golf membership with their new dream home. Residents can then enjoy dinner or an evening drink at the award-winning Glasshouse Restaurant, located just a short walk away, providing excellent social and dining facilities with a focus on Scottish provenance. The local area also boasts a plethora of wellbeing and outdoor related activities from yoga and pilates to gym and boot-camp, archery, horse riding and cooking classes.

A stone's throw away, the neighbouring village of Kilmaurs offers a direct rail link to Glasgow city centre and is home to a selection of doctors, dentists, schools, restaurants, cafes and shops.

EXPERIENCE TIMELESS CHARM SURROUNDED BY HISTORY

As you enter this highly exclusive gated community, rolling fields and majestic woodland stretch as far as the eye can see. Add to that the regal presence of Rowallan's two opulent castles and you really will feel that you have an opportunity to now live somewhere very special.

Steeped in heritage, the old castle dates back to the 13th century and stands tall as a historically important property. It is believed that Scotland's earliest piece of lute music was composed here, and it has been the focal point of many literary works over the centuries.

The castle is unusual in that many of its features have remained intact throughout the centuries. It has undergone a sympathetic restoration that will allow the castle to have a viable future for years to come, while preserving its unique building fabric.

The old castle is available to hire for short stays and entertaining, offering truly unique extra living space if you have a large friends or family gathering.

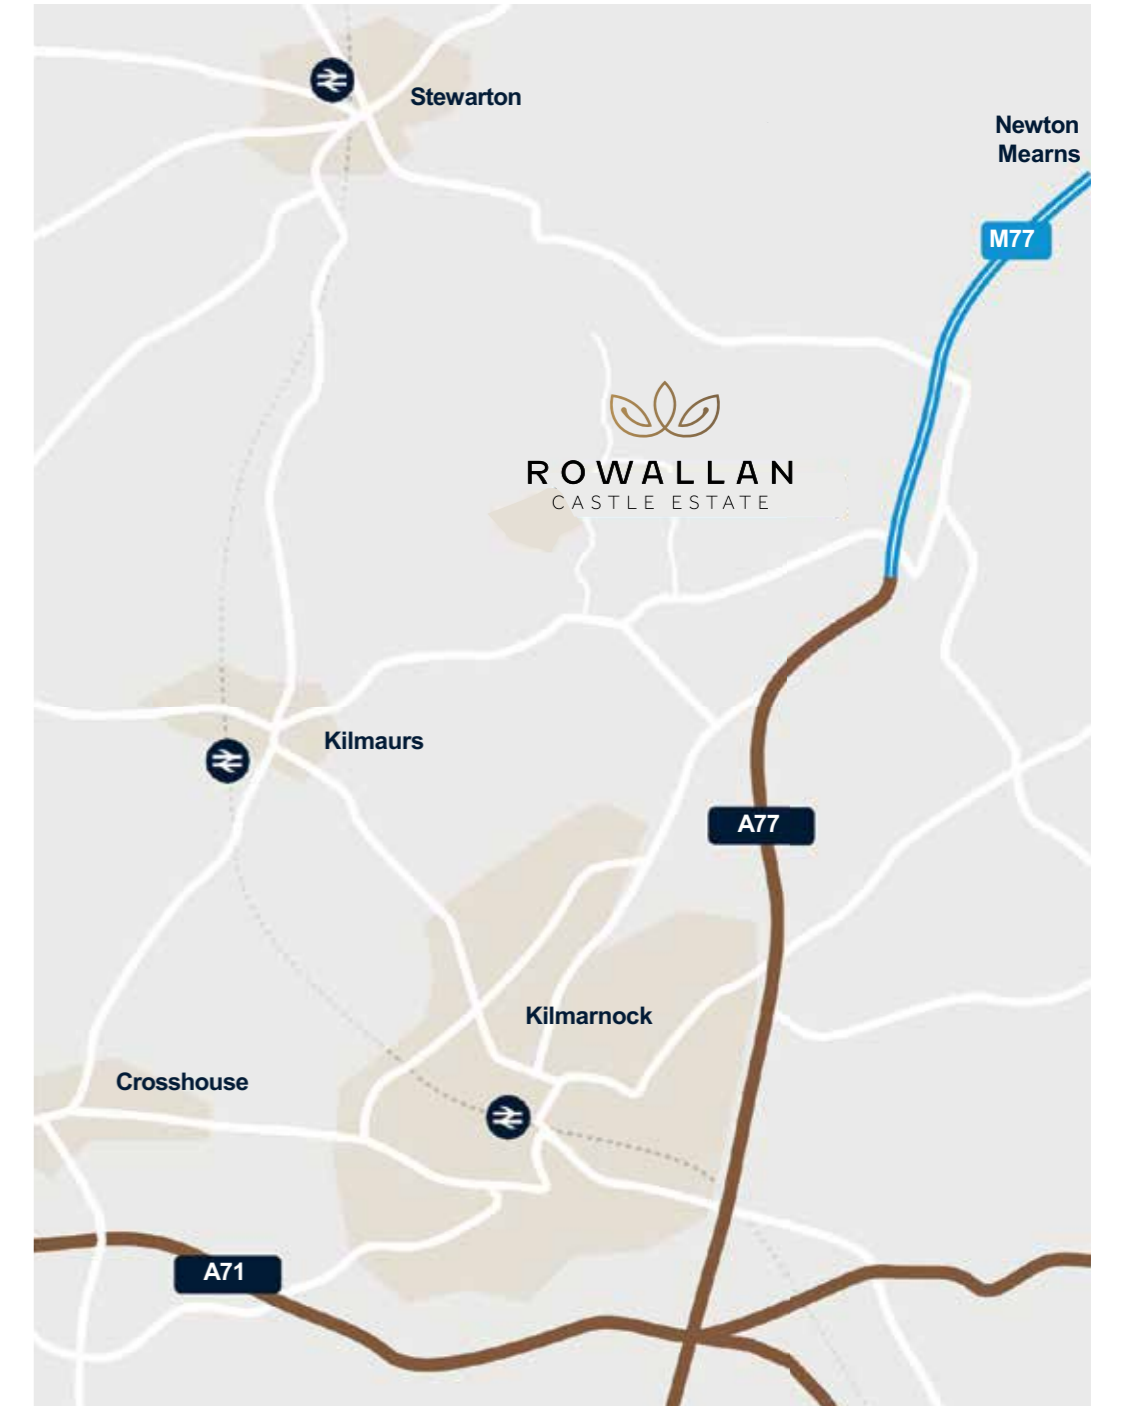

LOCATION

Approximate drive times from Rowallan Castle Estate

CHERISH HOMES AT ROWALLAN CASTLE ESTATE

Within the private historical estate grounds, Cherish Homes have made available a selection of exemplary, energy-efficient residences crafted to exacting standards and featuring premium luxury specifications. Five completed homes are now available to purchase right away and to move into in the New Year.

In addition to these completed homes, four bespoke/ custom build plots are also available within the estate, allowing you to construct a premium, turnkey custom build home. Thanks to our modern building methods, construction of your dream turnkey custom build home is much faster and also more energy efficient than the standard UK new-home build. You'll be able to move into your new home in around 16 weeks from the start of construction. Moreover, substantial LBTT savings of up to £108k apply to custom build homes within the estate.

As a deeply experienced turnkey package builder specialist, we are here to guide you through the design and specification of your dream home if you choose to design your own with us. Our role is to eliminate the usual stress and burden of constructing and overseeing a build project yourself.

THE ROWALLAN CASTLE ESTATE DEVELOPMENT OFFERS A FRESH, FLEXIBLE APPROACH TO HOUSE BUILDING WITH VARIOUS OPTIONS AVAILABLE TO PURCHASERS, INCLUDING:

- Purchasing a build complete luxury Cherish Home within the estate.
- Selecting a house design for your chosen plot from our carefully curated range.
- Customising the design of your chosen house with the assistance of our project architects.
- Adopting a full custom-build approach with a bespoke designed home with the aid of our project architects.

FAIRVIEW CLUSTER A

Fairview Cluster A comprises five luxury, energy-efficient homes ranging in size from 2,734sqft up to 4,467sqft.

Boasting fine views across the first fairway, these five plots vary in size from 0.20 to 0.55 acres and make up a private cul-de-sac within the estate with no through access.

Build complete houses, including the plot and planning permission, are available from £925,000.

Plot 1 can also be purchased separately to the house construction. Where only a plot is being purchased, alternative house designs can be provided, subject to planning, with our full project management and build services included, if required.

FAIRVIEW CLUSTER C

Cluster C provides eight new build luxury, energy-efficient homes located in a private secluded cul-de-sac alongside the 2nd Tee, with views down the 3rd fairway. Homes range from 2,734sqft up to 4,467sqft.

Build complete houses, including the plot and planning permission, are available from £895,000.

Plots 17, 18 and 19 can also be purchased separately to the house construction on selected plots. Where only a plot is being purchased, alternative house designs can be provided, subject to planning, with our full project management and build services included, if required.

WHY CHOOSE CUSTOM BUILD WITH CHERISH HOMES?

Embark on your journey towards the ultimate luxury rural lifestyle with unparalleled ease.

Cherish Homes epitomises luxury living through a wealth of expertise. We also offer a turnkey bespoke build package as an exciting alternative to purchasing one of our build-complete houses.

Our comprehensive services will support you throughout the entire journey, from designing your dream home to securing the necessary permissions, culminating in the flawless and efficient construction of your new residence.

We boast a team of specialist architects and interior design experts, each thoroughly seasoned in the art of custom building who will ensure that your vision is realised with precision and finesse. Furthermore, we provide fixed-price build quotations and the option for bespoke project management services tailored exclusively to your requirements.

We use market-leading building methods, meaning your dream home is much more energy efficient than the standard UK new-home build. You'll be able to move into your new home, if you choose to build a bespoke one with us, in only 8 to 16 weeks from the start of construction.

WE GUARANTEE:

QUALITY

We pride ourselves on delivering premium quality that far exceeds any of our peer housebuilders and significantly surpasses UK/ Scottish Building Regulations.

ENERGY EFFICIENCY

Designed & constructed to German 'Passiv Haus – Fabric First' principles, all Cherish Homes are triple glazed, highly insulated and utilise an Air-Source Heat Pump and a Mechanical Ventilation System with Heat Recovery to achieve a high 'B'-rating EPC Certificate, **providing a significant saving on your energy bills** today and for the future.

PEACE OF MIND

All Cherish Homes come with a 10-year UK New Build Warranty and an **additional 20-year manufacturer warranty**, twice as long as a typical UK new-build warranty offering.

ENERGY EFFICIENCY

All Cherish Homes strictly follow 'Passiv Haus – Fabric First' principles to minimise heat loss, ensuring exceptional energy efficiency. The house's structure is extremely airtight, retaining heat effectively. With 30cm of thermal insulation, achieving $U=0.118 \text{ W}/(\text{m}^2\text{K})$, it guards against both cold and overheating.

Energy-efficient triple glazed, six chamber windows with thermally protected frames achieve $U=0.75\text{W}/(\text{m}^2\text{K})/ U_g=0.5\text{W}/(\text{m}^2\text{K})$ while also providing enhanced soundproofing.

All Cherish Homes feature a Passive Haus-certified Zehnder MVHR COMFOAIR Q Mechanical Ventilation System with Heat Recovery (MVHR). This ensures a consistent comfortable atmosphere in the home and reduces heating bills by retaining up to 80% of heat in the expelled air.

Regardless of the style or size of your Cherish Home, energy-efficient living is guaranteed, with consumption as low as 40-70 KWh/m² per year and many home owners reporting total energy costs of well under £100 per month*

This all makes a Cherish Home incredibly comfortable to live in.

(*Based on typical domestic usage, excluding electric car charging)

HEATING

Incorporating heat pump technology into your home is a cost-effective, eco-friendly way to cover heating and hot water needs. The Air-Source Heat Pumps used in Cherish Homes run on electricity, produce no emissions, and shield you from energy price fluctuations. The system can also be upgraded to provide cooling.

They efficiently harness environmental heat which further reduces energy consumption. Approximately 75% of the required energy is sourced from the outside air, with only 25% needed from electricity, significantly lowering emissions.

The Vaillant aroTHERM Plus System offers a single solution for heating and hot water and boasts the latest heat pump technology. Having been accredited with the Quiet Mark & Green Home Award 2021, it uses a natural refrigerant for superior performance with minimal global warming potential and operates quietly, no louder than a domestic fridge.

SPECIFICATION MATERIAL FINISHES

HEATING SYSTEM & HEAT DISTRIBUTION

- Air-Source Heat Pump - Vaillant aroTHERM
