Upon entering this FANTASTIC HOME, you will certainly not fail to be impressed!

Having been comprehensively overhauled in recent years, this is a delightful example of a period style property which exudes charm and character. The accommodation is extensive and versatile plus, in addition, there is a delightful rear garden which compliments the home perfectly. The original layout of the property, which is arranged on three floors, has been extended to the rear adding additional space to the three bedrooms.

In all, this is a fantastic home which perhaps hides behind a rather modest façade but is one which is likely to take some beating.

WETWANG

Wetwang is a traditional East Yorkshire linear village spanning the A166, which links Driffild to York and beyond. Features of the village include the charming village pond and Norman church of St. Nicholas, which dates back to the 13th Century. The village school was erected by Sir Tatton Sykes Bart AD1845. "Enlarged AD1866 according to the plaque on the school wall."
